

PHILADELPHIA POLICE DEPARTMENT

ACCIDENT PREVENTION UNIT

VEHICLE ACCIDENT CHART

23% Reduction

Based on information provided by the Philadelphia Police Department from the years 1998-2003

In early 1999 two (2) doron driving simulator systems were installed and a comprehensive simulation based law enforcement driver training program was instituted.

The program consists of...

8 - PLACE: SEMI-INTERACTIVE SYSTEM

including Doron's library of training programs

1 - PLACE: INTERACTIVE SYSTEM

including Doron's library of California P.O.S.T. certified scenarios

The comprehensive system approach was used in conjunction with a Perceptual Driver Improvement Program developed by Indiana University of Pennsylvania.
